

FOCUS Coach Training

Catalyst has developed 10 coach-led workshops:

- 6 workshops walk a church through the FOCUSing process
- 4 workshops address key areas of implementation

In this training, coaches receive all of the resources to lead churches through these 10 sessions—including detailed leader notes, PowerPoint presentations, and video clips, plus optional learning approaches. The materials can be customized, rearranged, used in modules, or divided into shorter sessions to fit a diversity of church situations.

Upcoming Coaches Training

Coach training is held in different locations several times throughout the year. If you would like a training in your area, please contact us.

Note: the training is contingent upon sufficient registrations. Please contact us before purchasing plane tickets.

New Expanded Format and Updated Resources for Coach Training!

This 2 ½ -day approach provides time for in-depth overview of materials and workshop sessions.

There is opportunity to dialog about facilitation options and learn from what FOCUS author Ellen Livingood gleaned from interviewing over 100 churches, coaches, and other partners, and her experience in guiding churches in strategic FOCUS development.
