

Sample Questions for a Moment-for-Missions Interview of an Immigrant in Your Church

1. Very briefly, tell us where you were born and what brought you to our country.
2. Were you a believer in Jesus when you came, or did you become a Christian here?
3. Were there things that made you feel welcome and at home in our church?
4. What do you wish our congregation understood about how it feels to be a newcomer from another country walking in the doors of our building?
5. How could we as individuals here at ____ Church make immigrants, refugees, or international students feel more welcome?

In a 3-5 minute “moment for missions,” you will not have time for all of these questions. Discuss with your interviewee which they would like to include.
